EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

IN THE SPECIFICATION:

In line 1 of the specification, "February 14, 2003" has been changed to -- February 14, 2003, now US Patent 6,951,421 --.

Drawings

2. The drawings were received on March 25, 2005. These drawings are approved in part. Figure 3 is approved. However, Figure 1 was not approved as containing new matter as previously indicated in the Office action mailed June 7, 2005.

Upon reconsideration, the drawing objection made in the Office action mailed with regard to the slits is withdrawn. There is no criticality specified for the orientation and/or length of the slits of the instant invention. Thus, one of ordinary skill in the art would be apprised of the use of slits and arranging slits on the bag flap in lieu of apertures for engaging a wicket.

Thus, originally filed drawing Figure 1 is approved.

Allowable Subject Matter

3. The following is an examiner's statement of reasons for allowance: in view of applicant's remarks filed August 15, 2005, the prior art of record does not teach nor fairly suggest a reclosable bag as claimed. Specifically, applicant argues that a slider is a special tool and that Arnell specifically teaches the bag can be opened "without the use of special tools".

Art Unit: 3727

Other prior art of record does not teach nor fairly suggest the claimed bag and do not provide motivation or suggestion therein for medications to render the claimed invention obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robin Hylton whose telephone number is (571) 272-4540. The examiner can normally be reached Monday - Friday from 9:00 a.m. to 4:00 p.m. (Eastern time).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Nathan Newhouse, can be reached on (571) 272-4544.

Any inquiry of a general nature or relating to the status of this application or proceeding may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
